

SOFTBALL CATCHING CLINIC

Interested in Catching?

Is your child new to the position of catcher and interested in learning the basics?

Has your child been playing catcher but wants to learn how to play at a higher level?

Then the Softball Catching Clinic is for you.

Designed specifically for players with or without experience, this clinic will help your child learn and develop the skills necessary to play the position at different levels.

Sessions will be run by members of the Drew University softball team, with assistance from members of the Summit High School softball team.
